

ScienceGuardians Guidelines for Authorship Change during the Revision Stage: Author Removal

Authorship Change during the Revision Stage: Author Removal

Decision-Making Process
Doc. No.: SG-Rev-24-03-01

Original Research/Review Paper
Post Peer-review & Upon Receiving an Editorial Decision

The Steps to the **Decision-Making Process** by authors to establish the permissibility of removing one or more co-authors during the revision of an original research or review article, without exposing them to ethical or legal misconduct.
